Did you know?

Food insecurity and poor access to healthy foods limit people's ability to have a balanced diet and places children and adults at a higher risk of obesity, diabetes, and other diet-related health conditions including anxiety, depression, and reduced academic achievement.

Become an Advocate and make a difference toward ending hunger by joining the Solve Hunger family in a few easy steps:

1. Email solvehunger@solvehungercorp.org if a member of a food source, OR
2. Download and create an account in the Solve Hunger app if you are a volunteer.
